Newsletter 28/11/2025

Hopefully everybody got a chance this week to sit down with your child/ren's teacher/s to discuss their educational progress. The relationship between home and school is one of the most significant factors in a child's educational outcome. It's so important to build those relationships and to put faces to names.

While the PT meetings have now passed the communication lines are always open if you ever need to speak with a teacher.

'Have your Say'

The national survey on the future of our Primary schools will remain open until 16th December. It is vital that all parents complete this survey as there will be lasting consequences for each and every school.
