### **ALADDIN FRAME**

Since we deleted our X (Twitter) account we were looking for new ways to share photos of special events and occasions with Parents in a safe, secure manner. Aladdin Frame will be the platform that we use going forward for this. Aladdin Frame is a photo management system which will allow school staff to securely take photos of student work and activities using the Aladdin Frame dedicated camera app.

In the coming days you will get a permission notification on your Connect account seeking permission for the sharing of photos that include your child/ren. Please see the attached letter for further details.

*Have a lovely Valentines weekend. Le gach dea-ghuif*
